

BRYAN SLATED FOR CABINET

Expect to Take Portfolio Offered by Gov. Wilson

BRYAN GOING TO BERMUDA

An Indication That the Nebraskan Will Figure Largely in the Selection of the Other Members of the Cabinet.

Washington, Nov. 21.—The impression is pretty general among W. J. Bryan's friends here that he will accept the secretaryship of state, which has been offered to him by President-elect Wilson. Mr. Bryan had been in Washington for nearly two weeks and left Sunday night for Florida. While here he held many conferences with leading Democrats in and out of Congress, in which he talked freely concerning the plans and policies of the new administration. He was uncommunicative as to the part he would play in the new regime, but there is now the highest authority saying that he is to be an important factor in President Wilson's administration.

The information from Hamilton, Bermuda, conveyed in a press dispatch on Tuesday, that the president-elect had invited Mr. Bryan to visit him carried a significance to leading Democrats here concerning Mr. Bryan's future official status. It left no doubt in their minds that the new president would look to Mr. Bryan for advice.

From certain knowledge concerning Mr. Bryan's activities among Democratic leaders here during his recent visit, no doubt remains in the minds of those Democrats that the commoner is to play a large part in the official and political events of the next four years.

It was evident from what Mr. Bryan said that he was anxious to prolong the Democratic party in power. He was surprisingly conciliatory in his talk about the policy that should be pursued by the new administration. It was evident that Mr. Bryan realized that the Democrats had a gigantic task ahead of them and that he did not look upon the elections two years and four years hence as foreordained Democratic victories.

Certain things are accepted by the Democratic leaders in Congress as reasonably settled, so far as the personnel of the new cabinet is concerned.

William F. McCombs, from personal choice, will not be in the cabinet. He could undoubtedly have had almost any place he desired, but he prefers to continue as chairman of the national Democratic committee and will pursue his profession in New York.

Mr. McCombs is not content to rest on the political laurels he has already won. He hopes to be able to contribute to continuing the Democratic party in power for some years to come. He has a plan for making a strong organization to keep up the work of strengthening the Democratic position for the battle two years hence, which will involve the control of the next House of Representatives and make certain of an election of a Democratic president in 1916.

He believes that he can carry on this work better outside of the cabinet than in it. He recognizes, as his friends do, that to accept a cabinet position would be a financial sacrifice for him.

Judge Westcott of New Jersey may be attorney-general or secretary of war in the new cabinet.

Josephus Daniels of the Raleigh News and Observer is said to be reasonably certain to be postmaster-general.

Louis D. Brandeis or George Fred Williams, probably Brandeis, is likely to

The Working Man's Friend In Time of Sickness

I am a blacksmith by trade and would like to say a word for the Swamp-Root. I suffered for about ten years and was treated by a Waynesboro, Va., doctor. He said that I had Bright's disease and that he had done all he could for me. I read about Dr. Kilmer's Swamp-Root and as I could hardly do a day's work, was willing to try anything that would do me any good. After taking Swamp-Root a few days, I felt so much better that I continued until I felt that I was cured and I was altogether a new man. That was eight years ago, and if I ever feel the least pain about my kidneys I just take a few doses of Swamp-Root and in a few days I am all right. I feel to-day that I am a well man and would say to all who suffer with their kidneys, take Dr. Kilmer's Swamp-Root, for it has done more for me than all the doctors, and saved doctors' bills.

I can further say that about two years ago my son was sick in bed and was taking medicine from doctors and got worse all the time. I went in the night and got a fifty-cent bottle of Swamp-Root and told him to lay aside all the doctors' medicines and take Swamp-Root. He took six bottles and I am glad to say that he is well to-day and has not had any trouble with his kidneys since. It was Swamp-Root that cured him. My son now thinks that there is no medicine that a doctor can give that can compare with Dr. Kilmer's Swamp-Root.

Very truly yours,

G. W. HARDING.

Covington, Va.

Personally appeared before me this 8th day of March, 1912, G. W. Harding,

who subscribed the above statement and made oath that the same is true in substance and in fact.

Given under my hand this 8th day of March, 1912.

HEAD STUFFED? GOT A COLD? TRY PAPE'S

One Dose of Pape's Cold Compound Relieves Worst Cold or Grippe—No Quinine Used.

You will distinctly feel your cold breaking and all the grippé symptoms leaving after taking the very first dose. It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the grippé and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Get a 25-cent package of "Pape's Cold Compound" from your druggist and take it with the knowledge that it will positively and promptly cure your cold and end all the grippé misery; without any assistance or bad after-effects, and that it contains no quinine—don't accept anything else said to be just as good. Tastes nice—acts gently.—Adv't.

be the New England member of the cabinet.

Congressman Burleson of Texas seems to have the lead for secretary of agriculture.

Rolla Wells of St. Louis is said to be in high favor either for secretary of the interior or secretary of commerce and labor.

The secretary of the treasury is an office that is said to be giving the president-elect more trouble than any other cabinet portfolio. There is reason to believe that the name of Senator Hoke Smith was being favorably considered for this place until he let it be known that under no circumstances would he give up his seat in the Senate to accept a cabinet office.

President Wilson's advisers in Congress do not believe that he should take his secretary of the treasury from New York, and men who are very close to him politically say that he will not select as secretary of the treasury any man who may be suspected of having any relations with big financial or commercial interests.

New York, Nov. 21.—Democratic politicians hereabouts who were asked yesterday for expressions regarding the story that William J. Bryan has been selected by President-elect Wilson as his secretary of state were exceedingly reluctant to talk.

National Chairman William F. McCombs and Senator James A. O'Gorman, the two New Yorkers closest in Gov. Wilson's confidence, were both out of town yesterday.

"SEIZED WOMAN'S THROAT."

Witness Testifies That Gibson Tipped Boat Over After Falling Out.

Goshen, N. Y., Nov. 21.—"I saw Gibson seize Mrs. Szabo around the neck with his left arm; I saw his right hand thrust at her throat; then they both fell out of the boat."

John Minturn, eye witness of the death of Mrs. Rosa Menschik Szabo, for whose death on Greenwood lake Burton W. Gibson of New York, her lawyer, is charged with murder, so testified at Gibson's trial yesterday.

"Gibson and his companion were standing back to back in the center of the boat," Minturn said. "Gibson then wheeled as they were passing and seized Mrs. Szabo—they struggled for a moment, the boat rocked. They fell out, the woman first, the man afterwards."

"When they were in the water, I saw Gibson place his right hand on his left shoulder and his left hand on his right shoulder. I thought he was trying to pull off his shirt; it looked that way to me. Presently the woman was lost to sight. The man then swam over to the boat, put his arm over it and turned it over. The boat remained right side up when they fell out and stayed at that position till Gibson tipped it over."

Minturn was standing at the water's edge, he said, when he saw the tragedy. The boat was about 700 yards away. He was afraid he would forget, he added, so he went home and wrote down what he saw.

Dr. George King testified for the state, saying he was positive she met death by strangulation.

The defense maintained the drowning woman tore his shirt off.

Four bank clerks testified that Gibson withdrew more than \$7,000 of Mrs. Szabo's bank deposits three weeks after the tragedy.

ACCIDENTS

On N. Y., N. H. & H. & B. & M. Roads the Theme.

Boston, Nov. 21.—Accidents on the New York, New Haven & Hartford and Boston & Maine railroads during the past two years were called to the attention of the interstate commerce commission yesterday by Louis D. Brandeis at the continued hearing of the complaints of New England shippers. Mr. Brandeis represents the Boston Fruit & Produce exchange. Vice-President Horne of the New Haven road was questioned by Mr. Brandeis as to the cost, actual or estimated, of the wrecks, but Mr. Horne replied that he did not have the necessary data.

Vice-President Buckland of the New Haven system denied a statement by Mr. Brandeis that the wrecks were of regular occurrence, and offered to supply the data at any future time.

BECKER'S LEASE OF LIFE.

Execution of Sentence Stayed by Notice of Appeal.

New York, Nov. 21.—The execution of the sentence of death upon Charles Becker for the murder of Herman Rosenthal was stayed to-day by the service of notice of appeal upon District Attorney Whitman. The service was made by Joseph A. Shay, who succeeded John Hart as Becker's attorney of record.

HEADACHY, CONSTIPATED, BILIOUS, TAKE DELICIOUS "SYRUP OF FIGS"

Removes the Scum From the Tongue, Sweetens a Sour, Gassy, Bilious Stomach; Cleanses Your Liver and 30 Feet of Bowels Without Gripes or Nausea.

If headachy, bilious, dizzy, tongue coated, stomach sour and full of gas, you belch undigested food and feel sick and miserable, it means that your liver is choked with sour bile and your thirty feet of bowels are clogged with effete waste matter not properly carried off. Constipation is worse than most folks believe. It means that this waste matter in the thirty feet of bowels decays into poisons, gases and acids and that these poisons are then sucked into the blood through the very ducts which should sneak only nourishment to sustain the body.

Most people dread physic. They think of castor oil, salts and cathartic pills. They shrink from the after effects—so they postpone the dose until they get sick; then they do this liver and bowel

cleansing in a heroic way—they have a bowel washday—that is all wrong. If you will take a teaspoonful of delicious Syrup of Figs to-night, you will never realize you have taken anything until morning, when all the poisonous matter, sour bile and clogged-up waste will be moved on and out of your system, thoroughly but gently—no gripping—no nausea—no weakness. Taking Syrup of Figs is a real pleasure. Don't think you are drugging yourself; it is composed entirely of luscious figs, senna and aromatics, and constant use cannot cause injury. Ask your druggist for "Syrup of Figs and Elixir of Senna," and look for the name, California Fig Syrup Company, on the label. This is the genuine—old reliable. Any other fig syrup offered as good should be refused with contempt. Don't be imposed upon.—Adv't.

HYDE TRIAL ON. Former City Chamberlain of New York Charged with Bribery.

New York, Nov. 21.—Justice Goff's court, which has just completed the notable trials of Police Lieutenant Charles Becker and the four gunmen, slayers of Gambler Rosenthal, was the stage yesterday for the opening of another legal drama of country-wide interest. The case is that of Charles H. Hyde, former city chamberlain, who is charged with having corruptly compelled Joseph G. Robin, former head of the Northern Bank to lend the Carnegie Trust company \$100,000 by threatening to withdraw all the city funds from the Northern Bank. The indictment against Hyde was found by the grand jury on May 15, 1911.

The principal witness against Hyde is Robin, who has pleaded guilty of grand larceny in that he stole funds from the Washington Savings bank, and has been in the Tombs for twenty-two months. Robin will get a suspended sentence for his work in building up the case against Hyde and Banker Cummings.

On the day that Hyde surrendered to the district attorney May 3, 1911, two days after he was indicted, he pleaded not guilty, reserving the right to change his plea later. The same day he resigned as city chamberlain.

LABOR ON INDUSTRIAL UNIONISM.

Question Up for Settlement in Federation Convention.

Rochester, N. Y., Nov. 21.—Industrial unionism as a form of organization and its points of strength and weakness as compared with those of trades unionism was discussed yesterday morning by the delegates to the American Federation of Labor convention, having been made a special order of the day.

The issue of industrial unionism is one of the big questions to be worked out at this convention. Thus far the policy of the federation has been strongly in favor of organization on trade lines, though the leaders have recognized that for certain special reasons organization as a whole might be preferable in some cases. Thus the miners, the brewery workers and a few other organizations have been formed as industrial unions and recognized by the federation.

The question came before the convention in a resolution offered by delegates from the United Mine Workers, favoring the industrial form of organization on the ground that such a policy would make it possible for labor to offer a more cohesive opposition to the united associations of employers.

TWO TOWNS OVERWHELMED.

Great Destruction in Jamaica Due to Tidal Wave.

Kingstown, Jamaica, Nov. 21.—A great tidal wave is reported to have practically wiped out the towns of Cavanna La Mar on the southwest coast and Luca on the northwest coast of Jamaica.

A hurricane killed 42 people in Montego, according to a report brought by a vessel arriving at Port Antonio to-day. Reports of great destruction by the recent hurricane in the western end of the island are now confirmed. Floods accompanying the storm caused immense damage. Hundreds of houses were blown down. Telegraph communication is still suspended.

The governor of Jamaica has left on a special train accompanied by a detachment of artillery men, taking 300 tents and food for the homeless and destitute people. The gale began November 15 and continued with increasing fury several days. Vessels arriving here reported the wind blowing more than 100 miles an hour.

Smoke Sickle Plug.

You'll like it because it's good, and stick to it because it's best.

Sickle Plug keeps its original flavor and moisture better than smoking tobacco in any other form. The moisture and flavor are pressed in by machinery and kept in by the tobacco-leaf wrapper. This natural protection is far better than such aids as cans, bags or other artificial covers.

WILL SENTENCE GUNMEN NOV. 26

All Four Will Be Doomed to Electrocution

ONLY ONE BORN IN AMERICA

The Informers Will Be Released—Only Jack Sullivan Now Remains to Be Tried.

New York, Nov. 21.—Sentence of death on the four gunmen, convicted Tuesday of murdering Herman Rosenthal, will be pronounced by Justice Goff on Tuesday, November 26. He so announced when the prisoners were arraigned before him in the criminal branch of the supreme court to-day. Meanwhile they will be held in the Tombs. Following sentence they will be taken to Sing Sing and placed in cells adjoining that of Charles Becker. The pedigrees of the gunmen were taken to-day at their arraignment. "Whitely" Lewis said his real name was Frank S. Seidenshue, born in Russia, 24 years old and a book binder by trade. Both his parents are living and he has served two jail sentences.

"Dago Frank" gave his correct name as Frank Crofici, 25 years old, a native of Italy and a steam fitter by occupation. He has served one jail term and described himself as a moderate drinker. "Lefty Louis" said he was christened Louis Rosenberg, was 21 years old and a native of Austria. His vocation was salesmanship, he said; he was temperate and had served one jail sentence.

"Gyp the Blood" was recorded as Harry Horowitz, a clerk, 24 years old, a native of New York City, married and temperate. "Lefty Louis" will likewise leave a wife behind him. The women are known in the underworld as "Gyp's Lillian" and "Lefty's Lillian." The former has been in the house of detention, but will now be released.

The state's informers—Rose, Vallon, Webber and Schepps—who have been held in prison during the trial will probably be released this afternoon. The district attorney agreed there was no further need of keeping them behind the bars. It is thought that all will leave the city. William Shapiro, driver of the "murder car" and jointly indicted with the gunmen and Becker, will also go free. In return for his testimony for the state, the district attorney's office will move that the indictment against him be quashed.

Of the seven indicted for the Rosenthal murder, this leaves but one defendant to be tried. He is Jack Sullivan, "King of the Newsboys."

SPORTING NOTES.

To succeed Bacon, quarterback of the Wesleyan university football eleven, Edwin Austin of New York was chosen this week to be the leader of his college warriors for the season of 1913. Eustis played end on this year's team, preparing for college at the New York Military academy.

Charley Hemphill, who managed the Atlanta club in the Southern league during the past year, claims that young Harbeson, who has been transferred to the Highlanders, cannot fail to make good in fast company. Harbeson played shortstop on the Atlanta team last year and is considered a natural batsman and a promising infielder.

The rumor issuing from Providence is that the Brown university aggregation has gone stale. The work of late has been light, consisting mostly of drilling in the rudiments. Bartlett has returned to the backfield after a long absence. Princeton will lose five of its regulars for football next year through graduation this spring. Capt. Pendleton and Blumenthal are two players whose loss will be keenly felt, although the other positions can readily be filled by athletes who have proved to be strong substitutes this fall. E. C. Waller, Hobe Baker and Phillips will constitute an excellent nucleus for the 1913 team.

U. S. TREASURER.

Carmi Thompson Named for Position by the President.

Washington, Nov. 21.—Carmi Thompson was appointed treasurer of the United States yesterday by President Taft to succeed Lee McClung, who resigned recently. Mr. Thompson will assume his new duties to-day and Charles D. Hilles, who was secretary to the president before the beginning of the last campaign, will return to that position.

That the Tiger team this year was composed of individual stars was by many attributed as strong evidence of its poor showing, team work being a negligible factor all during the year. When the big games came around their hopes were confined to the capabilities of a few stars, and as these men were under surveillance by the opponent's defense, defeat was inevitable. The most difficult position left to be filled is that vacated by Pendleton, who is undoubtedly one of the best athletes ever rounded out at Princeton.

Coach Robinson of Brown university intends to give the Indians a dose of their own medicine in the way of crises, forward passes and other open formations when the two eleven clash in Providence on Thanksgiving day.

Arthur Brides, one of the great football players graduating from Yale college, has just finished the season as coach at the Massachusetts Agricultural school. He is now assisting the Springfield Training school warriors in preparation for the Carlisle contest Saturday.

For the first time this season, the Navy has taken up secret practice. The Annapolis team is preparing to make a great stand against the Pointers.

Brawley, one of the star football men at Holy Cross college, is badly banged up, and it is doubtful if he will be able to make the trip to St. Louis next week.

It is correctly said that Hans has lost his heart, and such being the case the scribbles will have an opportunity to portray the Pirate as a real lover.
